

Wageworks & Uber

Another Way to Save on Your Commute

WageWorks and Uber give you more options to get to and from work.

With our partnership with Uber, you can now use your WageWorks® Commuter Card to pay for uberPOOL rides. This gives you the flexibility to use pre-tax funds to pay for uberPOOL rides when commuting to and from work.

Save up to 40% when you rideshare to work via uberPOOL. Individual savings may vary based on income, individual tax rates, state of residence and other factors.

You have the flexibility to use WageWorks commuter benefits to pay for uberPOOL rides when you commute in Atlanta, Boston, Chicago, Denver, Las Vegas, Los Angeles, Miami, Nashville, the state of New Jersey, New York City, Philadelphia, Portland, San Diego, San Francisco, Seattle and Washington D.C.

Setting up your Uber account is easy:

1. Open the Uber app, then tap the menu icon on the top left side of the screen.
2. Tap Payment, then tap Add Payment.
3. Insert your commuter benefits prepaid card number, and tap Save.

If you would like to use UberPool and don't have a WageWorks Commuter Card, log in to your account at participant.wageworks.com and select UberPool from the catalog to elect a WageWorks Commuter Card today.
